Alexandra K.  
Boada  
1921  
1975

During the 1975-76 academic year, the College of The Al-bemarle lost a part of itself, a lady who had been a part of this school since its beginning — Mrs. Alexandra K. Boada. Most of us knew Mrs. Boada in some capacity — as friend, teacher, acquaintance — and we remember her for her many qualities such as patience, courtesy, friendliness, kindness, and genuine concern.

We, and the future students at COA, will feel a void due to the absence of this someone special. So with much respect and love, the Beacon Staff dedicates this 1976 yearbook to Mrs. Alexandra K. Boada.

Sept. 15, 1975

Dear Ma & Pa,

With pen in hand I decided to write you and tell you about what's happening these days and times here at the College of the Albemarle. Through my letters I hope that the events during my first year at college will be clear as a bell. I am sure there will be many fond memories I'll share with fellow students before we go our separate ways; therefore, I'm going to keep a journal ~~or~~ photo album along with writing you letters and comments, which I will keep in the album until I return to Possum's Roost.

Yours til the ocean

You  
wouldn't  
believe the  
machine here  
You put  
your money  
in them  
and nothing  
comes out.

*You also wouldn't believe some  
of the students*

*and their clubs.*

*These students come to class*

*by some very strong methods.*

*And when they get to school,*

*They have some strange classes.*

Sometimes  
students  
try any-  
thing to  
get out  
of their classes...

*because all they do is study and study until they go into almost a trance.*

*But after classes are over,*

everyone likes to have  
fun and to party.

Sometimes I go to  
this  
building  
where I  
can get  
a book.

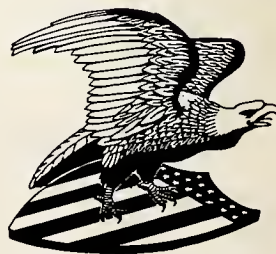

by  
just  
signing  
my  
name.

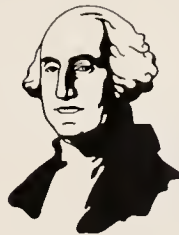

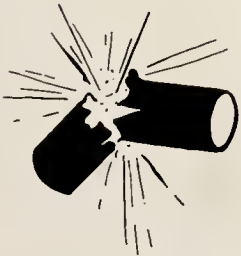

Ma, I hope you like my artistic drawings on these pages and on the others.

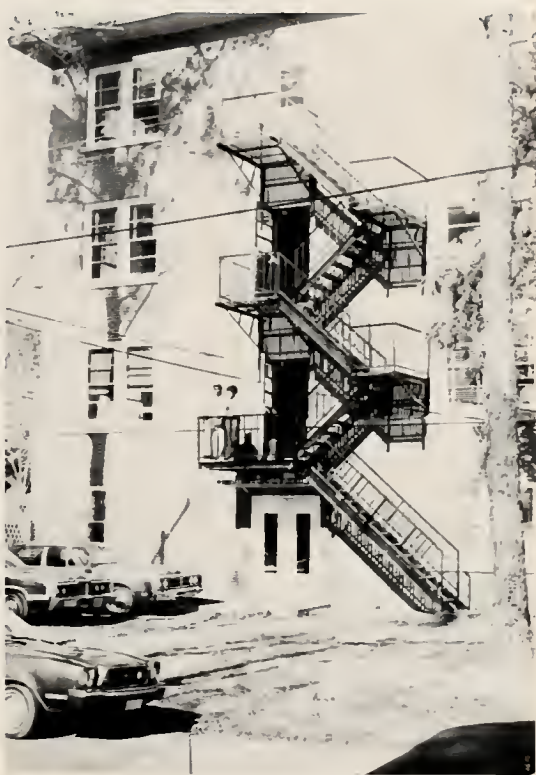

My history teacher said that this is a patriotic year... the bicentennial year.

There are some pretty birds  
which  
live  
around  
the  
College.

*And the college*

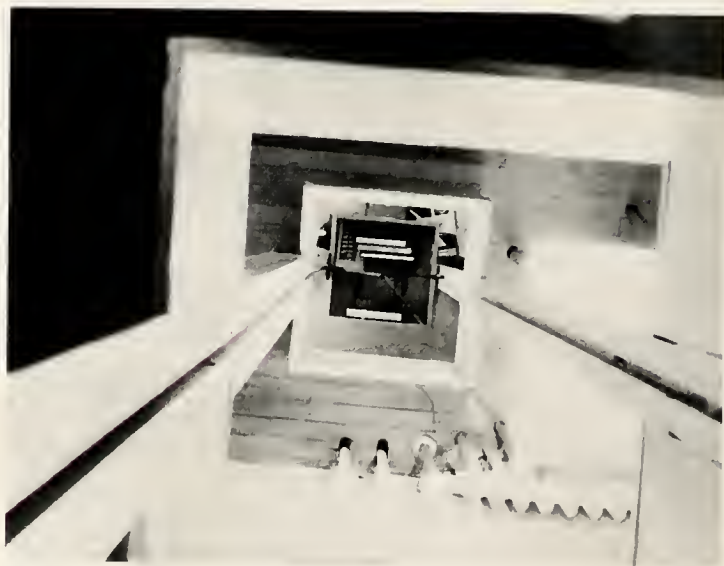

*campus is pretty.*

*I like*

*both campuses*

*of the college*

*very much .*

What I don't like  
is taking a bath  
after P.E. just  
because I am sweaty  
and I don't like  
taking a bath  
before swimming  
class.

One thing  
I really do  
like is basket-  
ball. Everyone  
gets very  
excited.

*I also like some of the*

*nice looking chicks I've met.*

*Many of the other people*

*I have met*

*are nice also.*

*But there are some strange  
persons working at the college.*

So every  
once in a  
while I take  
a break and  
go out  
shopping

But I know down deep  
in my heart that if I  
stick it out to the end I  
will get to wear one of those  
funny hats and dresses.

Nov. 9, 1975

Dear Ma & Pa,

These people who work here at the college are most helpful. They have learned me how to fill out many, many forms and applications, and how to wait patiently in line for things. I also now know the 13<sup>th</sup> multiplication table by heart and can read a magazine called Play boy, without having to use a dictionary - it has a lot of pictures - you'll like it Pa.

Well, I had better close. I have to hurry to class. My English teachers says I should always be on time to listen to those of higher degrees and wisdom who unselfishly give us ~~studen~~ students their time and effort.

Yours till Niagara...  
falls,

Joe

# Art Courses

Offered  
This  
Quarter

Jan. 9, 1976

Dear Ma & Pa,

Being in college is very different from being in high school. They don't make you have an excuse every time you miss ~~the~~ class, and they make you responsible for learning a whole lot of information. You have to be quick to realize what is expected of you upon entering this edifice of higher learning. As students we are being informed and now are getting ready to accept the trials and tribulations which lie before us. We cannot surmise where the road ahead may lead us, but we must try to do our best. Why now, I can even play three types of card games and can even smoke and drink without getting sick and can even parlez-vous in Spanish, so I'm preparing myself for the long winding road in life.

Your son,

Dear Ma & Pa,

Everything is going pretty good. I've been so busy, I'm sorry that I haven't had time to write. There was never much to do at Possums ~~Roost~~ Roost, but here at college in the big city things are happening all the time. There's lots of clubs here at school that are always doing something. fun, I liked their bake sales the best. And there are lots of basket-ball games to go to. They even got a girls team here and they all wear short shorts to play in, so far I haven't missed a game. I even got to play some interamural interamural sports myself. We had lots of fun at all the Homecoming Ho downs too. Well I better go I'm going to this place - the Dolphins Club tonight and I better get myself spruced up.

Your son,  
Joe

### COA CHORALE

The COA Chorale is open to both students and faculty members from COA. The purpose of the chorale is to learn and to perform, often in conjunction with the Albemarle Corale Society, pieces selected from various eras of musical composition.

This year's emphasis has been placed on 18th, 19th, and 20th century music performed in America in a series of Bicentennial Concerts. Concerts were composed of works from J.S. Bach, G.F. Handel, William Billings, and various Moravian composers from the 18th century. A short cantata on the Burr Conspiracy, a group of songs by Stephen Foster, some Post-Bellum Negro spirituals and parts of the first Broadway musical from the 19th and 20th century, some college Ragtime-Showtime songs and choruses plus a few contemporary Pops compositions based on patriotism.

### CIRCLE K

Circle K is a service organization through which college students can find a means of responsible student action in the community and a more active involvement in the life of their campus.

The objective of Circle K International is to give college students a means by which those students interested in helping others and being of service in society can express this concern. The main areas of interest are correctional institutions, student concerns, environmental concerns, health concerns, and concern for dependent and neglected individuals.

# COSMETOLOGY

**Cosmetology Club**  
The purpose of this club shall be to promote unity among its members, patrons and faculty, to motivate interest in the professional field of cosmetology; and to train youths and adults in acquiring a background for the profession and understanding of the laws and civic responsibilities involved.

This curriculum is designed for students who have particular abilities and interests in cosmetology.

## FRENCH CLUB

Le Cercle Francais is a club organized for interested French students at COA. The purpose of this club is to study and learn to appreciate the customs, people and language of France.

Among the projects undertaken during the school year were a very successful hot dog sale held in the Dolphin's Den and the joint efforts of the Spanish club and Le Cercle Francais in their establishment of a memorial for Mrs. Alexandra Boada.

## ADN CLUBS

First year ADN'S

Our groups are composed of first and second year Nursing students in the Associate Degree Nursing Program. Our first year officers are: Ann Dowdy, President; Louise Ervin, Vice-President; Karen Repine, Secretary; Norma Wood, Treasurer; and Barbara Wood and Linda Foley, Student Senate Representatives. Because we are so busy, we haven't had much time to plan many activities. Our main project this year has been planning and raising money for the reception we will be giving the Seniors in May. They will be receiving their graduation pins and caps after which we will host a reception in their honor.

Second year ADN'S

## PHI BETA LAMBDA

The Phi Beta Lambda, better known as the Business Club, consisted of about fifty active members this year. To get every young person actively interested in better social, political, community and family life is just one of our club's many goals.

The installation of officers got the year off to a very good start on some very exciting and interesting things. One of the most interesting was entering a contestant in "The Ugly Man on Campus Contest" who was our president, John Saunders. We also participated in Homecoming week by decorating a hall. This year's main money-raising project was a candle sale and bake sale for a possible trip to a Richmond Stock Exchange.

## TEC CLUB

### Tec Club

The Tec Club represents all the departments from the technical center of COA.

The purposes of the Tec Club are to develop the understanding and abilities of the students to plan, organize, and carry out worthy activities and projects through the use of the democratic process and to create a sincere interest and esteem among students, faculty members, and persons in industry, for the need of and for industrial and technical education.

The members of the Tec Club have sponsored and participated in an aluminum drive, car wash, bake sale, car bash, built and entered a float for the Christmas Parade, and helped with a Halloween carnival to try and make our school and community a better and more interesting place to live and work.

Thomas Meiggs — Sargeant at Arms, Deborah Grimes — President, E.G. Swain — Secretary, Lee Adams — Student Government Representative, Marie Davis — Treasurer, Florida Curlings — Vice President.

## "Grandma of COA's Fleet"

For the last three years members of both the student body and faculty of COA have been busy with the task of a new boat. The new boat, the "Grandma of COA's Fleet", was built for "willing" service. It is a 25-foot motor launch, 10 feet wide, and 4 feet deep. It has a 10-horsepower motor and a steering wheel. It is a very handy boat and is a very good investment. It is a very good investment. May 12, 1976

Dear Ma & Pa,

In this accumulative account of my first year at college, I hope you have become aware of some of the various activities which have become a part of me. With this final letter of the school year, I realize that this is the beginning rather than an ending to a chapter of my life. Life is perplexing but with the information I have gotten and stored within me, I am ready for the future and whatever problems and anxieties it may hold. As I stand here on the threshold of tomorrow, I engage in a silent wish for furthered security, brotherhood, prosperity, and contentment for those I have known during the past year.

Your Son,  
Joe  
H
